

Youth Patient Participation Group (YPPG)

Join us and make a difference to health services for young people in Purbeck

Purbeck GPs want to hear your voice

We are a small friendly group who meet monthly at Wareham surgery on Friday from 6-7pm with Jan (adult Cordinator) and Dr Ann (Wareham GP)

Young people told us mental health is their biggest concern and they wanted more information, youth friendly language, more counselling time and supported activities

- The GPs funded more counselling time in schools**
- We obtained a grant for supported activities**
- We improved youth pages on surgery websites**
- We set up an Instagram account and information cards**

So your voice will be heard and you can make a difference
